RESOURCE DIRECTORY

The purpose of the Resource Directory is to assist individuals living and working in the El Paso, TX area in finding federal, state, and local resources that support children, youth, and young adults (ages 0-26) with disabilities. This directory includes information on services related to health and human services, education, recreation, and emergency needs.

Please note that the inclusion of an agency in the Resource Directory does not constitute an endorsement by the CDIC-Community Parent Resource Center. The information provided is for informational purposes only. CDIC-Community Parent Resource Center is not responsible for the quality of services provided by the listed agencies and shall not be held liable for any outcomes resulting from the use of the services described in the Directory, including any future revisions or updates.

To update agency changes, add your agency to the Resource Directory, or for information please contact CDIC-Community Parent Resource Center (915) 217-2747 or (915) 219-8800.

ADULT SERVICES

TX Workforce Solutions/Vocational Rehabilitation Services (TWS/VR)

As of September 1, 2016, programs and services previously administered or delivered by the former Texas Department of Assistive and Rehabilitative Services (DARS) have been transferred by the Texas Legislature to the Texas Workforce Commission or the Texas Health and Human Services Commission.

<https://www.twc.texas.gov/programs/vocational-rehabilitation>

Texas Workforce Solutions-Vocational Rehabilitation Services supports people with disabilities to prepare for, obtain, maintain, and advance in meaningful employment by providing a range of services based on an individual's employment goals. Our Vocational Rehabilitation (VR) counselors work closely with job seekers to determine an employment goal and then identify and arrange for the high-quality services that lead to successful employment.

Mental Health Community Trainings

Through a partnership with the Paso Del Norte Health Foundation, EHN provides education in the El Paso community aimed at increasing mental health awareness and response with a focus on training in schools, law enforcement agencies and other local organizations. Subjects include suicide prevention, self-harm prevention training, test anxiety education, grief education, and instruction on dealing with anxiety/stress.

Outpatient Clinics

EHN operates several outpatient clinics for mental health and/or substance use disorders throughout the El Paso area, two of which have pharmacies located nearby providing convenient access for clients to obtain their medication.

Partial Hospitalization Program (PHP)

Emergence Health Network offers the Partial Hospitalization Program (PHP) for clients with mental health and/or chemical dependency issues. The PHP provides individuals with the care of a residential treatment program but allows the clients to spend evenings at home. This is beneficial for people who are dealing with problems too severe to be managed in outpatient therapy alone. The program involves a longer treatment visit, usually several hours, than what is typically offered in a doctor's or therapist's office. The controlled environment is often a useful step-down transition from acute inpatient care or an alternative to inpatient treatment.

2400 Trawood Ste. 301
El Paso, TX 79936
(915) 242-0555

Intensive Outpatient Program (IOP)

Emergence Health Network offers an Intensive Outpatient Program for individuals who need a structured setting to work towards overcoming mental health, behavioral health, and/or a substance use disorder but who do not need the more intensive care offered in the partial hospitalization program. However, the IOP provides a more structured therapeutic setting than what is typically offered in a traditional outpatient setting. The IOP allows the staff to help clients several times a week.

Counseling Services

At EHN we are committed to serving the El Paso community's mental health needs. That is why we offer counseling services for individuals, families, groups and couples. This includes children ages 3-17 and adults who may need help with behavioral issues, eating disorders, grief and loss, marriage counseling, PTSD, depression, anxiety, ADHD, LGBTQ, anger issues, family conflict, self-esteem and other life experiences.

Multiple EHN locations

Contact: 915-242-0555

Coordinated Specialty Care (CSC) Program

Through its Coordinated Specialty Care (CSC) Program, EHN has mental health providers specially trained in First-Episode Psychosis Treatment. CSC consumers are provided with psychotherapy, family support and education, medication management, supported employment, housing, and education, along with case management. The use of Coordinated Specialty Care has shown to be more effective at reducing symptoms, improving quality of life and increasing involvement in work and school.

Veterans

Veteran One Stop Center

The El Paso Veterans One Stop Center was created to help veterans, and their families accelerate their access to support services at a centralized location. Clinical services provided by a licensed mental health professional include counseling, Post-Traumatic Stress Disorder (PTSD) services, peer support, marriage, couples and family therapy, anger management, linkages to community veterans' services, support, training and enhancement programs. Programs include stigma reduction training for veterans, service members, families and individuals who work with the military. This program is supported by grants from the Texas Health and Human Services Department.

(915) 242-0555

Children & Adolescent Services

EHN offers a wide array of services through its child and adolescent clinic to assist youth with behavioral health challenges. This includes counseling, Autism therapy, playroom therapy, and coordinated specialty care which is beneficial for those experiencing the first episode psychosis. Through its Multi-Systemic Therapy program justice involved youth learning skills needed to stay in school and avoid re-arrests. Through the Children Adolescent Mental Health Program (ChAMHPs) EHN provides mental health services for children and adolescents who suffer from a variety of emotional disturbances which cause emotional and/or social disability. This includes individual and family counseling, substance use disorder recovery treatment, medication management, case management and skills training/development.

Assertive Community Treatment

The objective of the ACT Team is to reduce inpatient admissions and to increase the quality of life of individuals who historically have difficulty remaining in a community setting. The EHN ACT Team provides aggressive intervention with consumers, family members, and service providers. The team provides an array of services, including medication monitoring, symptom management skills training, advocacy, coordination of services, and community-based hospitalization for consumers assigned to the unit. In addition to their normal hours of operation, team members remain "on-call" to provide intervention 24 hours a day if needed.

(915) 242-0555

START Team Program

START (Systemic, Therapeutic, Assessment, Resources and Treatment) is a person-centered solution-focused approach that employs positive psychology and other evidence-based practices. It's a national initiative that strengthens efficiency and service outcomes for individuals with intellectual/developmental disabilities and mental/behavior health needs in the community. The model helps reduce the use of emergency services and state facility/hospital stays.

(915) 599-6645

DEVELOPMENTAL DISABILITIES

Day Habilitation Learning Center

The EHN Day Habilitation location is a comprehensive Learning Center which allows EHN to provide services to its IDD consumers at one centralized location. We provided both recreational and pre-vocational activities to help consumers learn how to be more active in the community. The curriculum also includes life skills lessons to encourage independence and allows consumers to move between classrooms where they are engaged in such courses as math, science, writing, dance and art classes throughout the day.

Community First Choice

Senate Bill 7 from the 2013 Texas Legislature requires the Health and Human Services Commission (HHSC) to put in place a cost-effective option for attendant and habilitation services for people with disabilities who have STAR+PLUS Medicaid coverage.

Direct Number: (915) 599-6645

Information/Appointments: (915) 242-0555

Home and Community Based Services

Home- and Community-Based Services (HCBS) are types of person-centered care delivered in the home and community. A variety of health and human services can be provided. HCBS programs address the needs of people with functional limitations who need assistance with everyday activities, like getting dressed or bathing. HCBS are often designed to enable people to stay in their homes, rather than moving to a facility for care.

Direct Number: (915) 599-6645

Information/Appointments: (915) 242-0555

Texas Home Living (TxHmL) Program

TxHmL provides selected essential services and support to people with intellectual and developmental disabilities who live in their family homes or their own homes. TxHmL is a Medicaid waiver program that supplies essential services and support to Texans with an intellectual disability (ID) or a related condition so that they can continue to live in the community. TxHmL services are intended to supplement rather than replace services

received from other programs, such as Texas Health Steps, or from natural support, including families, neighbors, or community organizations.

TxHmL may be available to any Texas resident living in his or her own home or family's home who:

- Has an IQ of 69 or below or has an approved related condition with an IQ of 75 or below.
- Has mild to severe deficits in adaptive behavior.
- Is eligible for Medicaid benefits.
- Is not enrolled in any other Medicaid waiver program.

Direct Number: (915) 599-6645

Information/Appointments: (915) 242-0555

Children and Adolescent Services

EHN offers a wide array of services through its child and adolescent clinic to assist youth with behavioral health challenges. This includes counseling and playroom therapy which is a form of counseling or psychotherapy that uses play to communicate with and helps children prevent and resolve psychosocial challenges. This is a thought to help them with better social integration, growth and development, emotional adjustments, and trauma resolution.

(915) 242-0555

Children & Adolescent Mental Health (ChAMHPs)

Through the Children and Adolescent Mental Health Program, EHN provides behavioral health services for children and adolescents who have a variety of emotional disturbances which cause emotional and/or social disabilities. This includes individual and family counseling, substance use disorder recovery treatment, medication management, case management and skills training/development.

Multi-Systemic Therapy

Multi-Systemic Therapy is an evidence-based practice aimed at serving justice-involved youth with behavioral health diagnoses. The juvenile treatment program was established locally by EHN to fill a gap in children and adolescent services identified in the El Paso Community Behavioral Health Needs Assessment. Since the program's commencement in 2012 more than 90% of individuals enrolled have avoided rearrests and stayed in school. builds upon the strengths of the adolescent by utilizing their family, friends and other long-term supports towards recovery. Utilizing these supports ensures that results can be sustained after completion of treatment. All services are directed toward the adolescents remaining in the community. Treatment is provided in the youth's home, as opposed to traditional in-office settings.

Coordinated Specialty Care

Through its Coordinated Specialty Care (CSC) Program, EHN has mental health providers specially trained in First-Episode Psychosis Treatment. For people who experience psychosis, the first symptoms typically occur between the ages of 15 and 25, yet it is common for a person to have symptoms for several months, sometimes more than a year and not seek treatment. However, reducing this time of untreated psychosis is important for a better recovery. CSC clients are provided with psychotherapy, family support and education, medication management, support employment, housing and education, along with case management. The use of Coordinated Specialty Care has been shown to be effective at reducing symptoms, improving quality of life and increasing involvement in school.

Youth Empowerment Services (YES)

The YES program is a Medicaid Home and Community Based service waiver designed to provide home and community-based services to children with serious emotional disturbances and their families, with a goal of reducing or preventing children's inpatient psychiatric treatment and the consequent removal from their families. The waiver currently serves eligible children who are at least three years of age and under 19 years of age. It also allows for more flexibility in the funding of intensive services to assist these children. It is beneficial in situations where parents have turned to state custody for care when they feel they have reached or exceeded their financial, emotional, or health care support resources and are unable to cover the costs of their child or adolescent's mental health treatment. The services that EHN provides for children and adolescents are family-centered, youth-guided, and developmentally appropriate.

Intellectual/Developmental Disabilities (IDD) Child Services

EHN provides services to families with young children with developmental delays to make sure these children have the resources and support they need to reach their potential. Research shows that growth and development are more rapid in the early years of life. The earlier the problems are identified, the greater the chance of reducing their impact. The services that EHN provides for children and adolescents are family-centered, youth-guided, and developmentally appropriate.

HEALTH AND HUMAN SERVICES COMMISSION

In September 2016, Texas began transforming how it delivers health and human services to qualified Texans, with a goal of making the Health and Human Services System more efficient and effective.

Texas Health and Human Services now consists of 2 agencies: the Texas Health and Human Services Commission and the Texas Department of State Health Services.

401 E. Franklin, Suite 450

El Paso, TX 79901

(915) 834-7500

Texas Health and Human Services Commission (HHSC)

- Medicaid for families and children
- Long-term care for people who are older or who have disabilities

- SNAP food benefits and TANF cash assistance for families
- Behavioral health services
- Services to help keep people who are older or who have disabilities in their homes and communities
- Services for women and other people with special health needs

Texas Department of State Health Services (DSHS)

- Vital statistics, such as birth and death records
- Compiling and disseminating health data on more than 25 topics
- Chronic and infectious disease prevention and laboratory testing
- Licensing and regulating facilities on topics from asbestos to mobile food establishments to youth camps

Texas Department of Aging and Disability Services (DADS)

The 84th Texas Legislature, 2015, abolished this agency effective Sept. 1, 2017. DADS services were transferred to HHSC. Administers long-term services and support for people who are aging as well as for people with intellectual and physical disabilities. DADS provides adult day care, assisted living facilities, home health care, Home and Community Based Programs, free standing nursing homes, hospital-based nursing homes and residential care for people with intellectual and developmental disabilities.

Texas Department of Family and Protective Services (DFPS)

House Bill 5, 85th Regular Legislative Session, 2017, established DFPS as an agency independent of Texas Health and Human Services effective Sept. 1, 2017. To comply with previous legislation, on Sept. 1, 2017, HHSC assumed responsibility for the childcare licensing function previously managed by DFPS.

MEDICAID, MEDICAID BUY-IN FOR CHILDREN AND CHIP

Medicaid and the Children's Health Insurance Program (CHIP) help you cover medical expenses for children and people with disabilities who meet income requirements. Medicaid Buy-In for Children can help pay medical bills for children with disabilities. This program helps families who need health insurance but make too much money to get traditional Medicaid.

Most Medicaid services (plans) in Texas and all CHIP services are delivered through providers called managed care organizations. Go to YourTexasBenefits.com or call 1-800-252-8263

STAR Kids

STAR Kids is a new Medicaid program for children and adults 20 or younger who have disabilities. Under STAR Kids, you will get basic medical and long-term services and support through the health plan's provider network. You also will get Medically Dependent Children Program (MDCP) waiver services through the health plan's provider network, if you are eligible. Call 1-866-566-8989

STAR+PLUS

STAR+PLUS is a Medicaid program for people who have disabilities or are age 65 or older. People in STAR+PLUS get Medicaid basic medical services and long-term services through a health plan, also called a managed care plan. Call 1-866-566-8989

CHIP-Children's Health Insurance Program

Children in Texas without health insurance may be able to get low cost or free health coverage from the Children's Health Insurance Program (CHIP) or Children's Medicaid. Both programs cover office visits, prescription drugs, dental care, eye exams, glasses, and much more.

To apply online for CHIP/Children's Medicaid and get information about your case if you are approved, is YourTexasBenefits.com or call 1-800-252-8263.

Patient Protection and Affordable Care Act (Previously known as Obama Care)

Helps individuals get health insurance through expanding Medicaid and Medicare and offering cost assistance to Americans who cannot currently afford health care.

SUPPORTED DECISION-MAKING

During the 84th Texas Legislative Session in 2015, legislators passed new laws that made Texas the first state to have laws recognizing supported decision-making agreements as an alternative to guardianship. Supported decision-making allows individuals to make their own decisions and stay in charge of their lives, while receiving the help and assistance they need to do so. Disability Rights Texas can assist people with disabilities in creating supported decision-making agreements or provide resources for people to create one on their own.

LEGAL ASSISTANCE

Texas Rio Grande Legal Aid (TRLA)

TRLA is a non-profit organization that specializes in providing free legal services to the poor in 68 counties in Central, South and West Texas. Established in 1970, the mission of TRLA is to promote the dignity, self-sufficiency, safety and stability of low-income families and communities in Texas; to protect populations with special vulnerabilities; and to preserve fundamental freedoms by providing high quality legal assistance and related educational and support services. All services are offered in English or Spanish. Services are free.

Housing Choice Voucher (HCV) Program and Project Based Vouchers (PBV)

Previously referred to as the “Section 8” program, HCV provides housing assistance in the form of vouchers to families to be utilized with any participating landlord in our city limits. “Special Programs” include voucher programs for certain target groups, such as veterans.

Family Self-Sufficiency (FSS)

FSS is a program that enables HUD-assisted families to increase their earned income and reduce their dependency on program assistance and rental subsidies. Housing Opportunity Management Enterprises (HOME) works in collaboration with a Program Coordinating Committee (PCC) to secure commitments of public and private resources for the operation of the FSS program, to develop the PHA’s FSS Action Plan (the FSS policy framework), and to implement the program.

Affordable Housing

All applications for the Public Housing and Housing Choice Voucher Programs are accepted through our online pre-application system. Registering and submitting the pre-application is the first step toward receiving subsidized housing assistance.

Applicants will need to include the following information in their pre-application:

City of El Paso

Community & Human Development

First Time Homebuyers Program

The City's First Time Homebuyer program provides 0% - 3% deferred loans to first-time homebuyers purchasing property in the City of El Paso. The buyer selects their own eligible property to purchase and meets with one of the participating lenders to pre-qualify for a mortgage loan. The City of El Paso underwrites the loan based on the first mortgage lender's commitment. The city only accepts applications from participating lenders, and they are processed on a first-come, first-ready, first-serve basis.

Home Renovation Program

If your home needs basic repairs, we have low-cost loans through our Department of Community and Human Development - Housing Programs Division. These loans, for amounts up to \$65,000, can be repaid and/or deferred for up to 30 years. The interest rate is now at 0%. Come talk with us if your home needs repair to bring it up to City Code Standards and your family income is low to moderate. Our experienced, friendly staff will help you find a way to make those much-needed improvements.

Notes:

MEDICAID WAIVER PROGRAMS

MEDICAID WAIVER PROGRAMS

A Medicaid waiver allows the state to be more flexible in how it spends money to provide some long-term services to some people with disabilities or elderly citizens who are eligible for Medicaid. In the past, people had to be in nursing homes or other large institutions for Medicaid to pay for long-term services. If they meet the eligibility requirements, people can get the services they need in their own homes or other community settings, instead of having to go into a nursing home or an institution. Texas has 7 waivers, and each one has its own interest list. Consider adding your child to all the interest lists based on their identified diagnosis and current needs. There are different rules and funding amounts for each of the different waivers. In general, though, they all help people get the support they need in the community.

All these programs have a long interest list, the wait time to receive any of these services varies from 8 to 16 years. You need to call immediately to place your child in these interest lists when your child is first diagnosed with a disability or special health care need. You should also think about adding your child to the lists even if they aren't diagnosed but have reason to believe they will have a long-term disability or special health care needs. Visit <http://medicaidwaiver.org/state/texas.html> for more information.

STAR+PLUS Home and Community-based Services-(HCBS) (previously known as Community Based Alternatives or CBA)-This program provides home- and community-based services to people who are elderly and to adults with disabilities as a cost-effective alternative to living in a nursing home. Individuals must have a need for skilled nursing care; meet at least two nursing facility risk criteria; be eligible for Medicaid, be age 21 or older.

For more information call 1-877-782-6440. If you have a speech impairment or are hard of hearing, call 7-1-1 or 1-800-735-2989.

MDCP-Medically Dependent Children Program- The program provides services to support families caring for children and young adults who are medically dependent and to encourage de-institutionalization of children in nursing facilities. Individuals must be under 21 years of age, be eligible for Medicaid based on their income and financial resources, meet the medical criteria for admission to a Texas nursing facility, and meet the Supplemental Security Income medical disability criteria.

For more information call 1-877-438-5658.

CLASS-Community Living Assistance and Support Services- Provides home and community-based services to people with related conditions as a cost-effective alternative to placement in an intermediate care facility for individuals with an intellectual disability or a related condition (ICF/IID). A related condition is a disability, other than an intellectual disability, that originated before age 22 and that affects a person's ability to function in daily life. There is no age limit for enrollment.

For more information call 1-877-438-5658.

DBMD-Deaf Blind with Multiple Disabilities- This program provides home and community-based services to people who are deaf-blind with multiple disabilities as a cost-effective alternative to institutional placement. The program focuses on increasing opportunities for consumers to communicate and interact with their environment. Individuals must be deaf-blind and have another disability that impairs independent functioning; have either intellectual disability or a related condition, be eligible for Medicaid. There is no age limit for enrollment. For more information call 1-877-438-5658.

HCS-Home and Community Based Services Programs- Gives services and support to people with an intellectual disability (ID) or a related condition that results in deficits in adaptive behavior and full-scale IQ of 75 or below who live with their families, in their own homes, or in small group homes with no more than 4 beds. There is no age limit for enrollment.

For more information call (915) 599-6645 Ext 18131, Appointments: 915-242-0555.

Youth Empowerment Services (YES) Waiver

The YES Waiver is a 1915 (c) Medicaid Home and Community-Based Services Waiver that allows for more flexibility in the funding of intensive community-based services to assist children and adolescents with severe emotional disturbances to live in the community with their families. Waiver services are delivered through utilizing a strength-based process called Wraparound. Waiver services are provided in combination with services available through the Medicaid State Plan, other federal, state, and local programs the individual may qualify for, and the natural supports that families and communities provide. Services stop at 19 years.

For more information call (915) 599-6600

TxHmL-Texas Home Living Program- provides services and support to people with an Intellectual Disability (ID) or a related condition who live in their own home or their family's home.

For more information call (915) 599-6645 Ext 18131, Appointments: 915-242-0555.

Blind Children's Vocational Discovery & Development Program

Each year, hundreds of Texas families turn to Texas Health and Human Services (HHS) for information and support for their children who are blind or visually impaired. A blind children's specialist from the Blind Children's Vocational Discovery and Development Program (BCVDDP) works with each child and family to create a service plan tailored to the child's needs and circumstances. It's a flexible document that will develop along with the child.

Information 915-834-7078 email BlindChildrensProgram@hhs.texas.gov

Blindness Education, Screening & Treatment (BEST) Program

BEST provides free vision screenings and financial assistance to Texas residents for medically urgent eye treatment with a referral from your ophthalmologist. Vision screenings occur throughout the state of Texas at specifically scheduled locations.

Please contact BESTprogram@hhsc.state.tx.us

for the latest screening schedule. Vision screenings are conducted throughout the year.

Vision for El Paso

Dedicated to growing and connecting the visually impaired community with programs and resources.

RECREATION**The Miracle League of El Paso**

A non-profit organization that provides children with mental and/or physical challenges an opportunity to play basketball as a team member in an organized league. The Miracle League of El Paso gives these children the opportunity to go outdoors and enjoy playing the game of baseball in its purest form. It is the first of its kind in our area and will serve children in surrounding areas of El Paso.
